Creative Portfolio

YASH MEHTA

Yash Mehta

I am a video producer specializing in cinematic storytelling, branded content, and digital media—crafting high-impact visuals that engage audiences and elevate brands.

Video Producer
Creative Director
Content Writer

BEHIND THE LENS

A filmmaker and creative producer with a passion for cinematic storytelling across film, commercials, digital content, and YouTube. Trained at Whistling Woods International and armed with an MBA from NMIMS, I blend creative vision with strategic execution.

From producing for Nick and Carrie to leading projects at Versatile Films and Pixemo Studios, my experience spans end-to-end production — from pitch decks to post. I've also led diverse freelance projects, honing a toolkit that includes Premiere Pro, Da Vinci Resolve, After Effects, and even AI tools like MidJourney.

I thrive in fast-paced environments, love solving creative challenges, and bring a balance of precision, empathy, and play to every project. Let's create something unforgettable.
